To whom it may concern:

I am delighted to provide a letter of recommendation for Dr Robert J Berchick.

In 1984, I was a Visiting Fellow at the University of Pennsylvania Center for Cognitive Therapy where Dr Berchick was Clinical Director. I was keen to learn the latest techniques in cognitive therapy and was fortunate to be allocated Dr Berchick as a primary supervisor. He generously allowed me to sit in on his therapy sessions and I learned a great deal from this experience.

During my stay at the Center, I also watched the tapes of, and received supervision from, Aaron T Beck, Jeffery Young and Ruth Greenberg. Dr Berchick easily held his own in this illustrious company and showed himself to be an extraordinarily talented cognitive therapist.

With the benefit of repeated close observation of his clinical work, I would strongly recommend Dr Berchick as both a therapist and a supervisor.

Yours sincerely
